Element Wattage (example 3800 – 4500) \_\_\_\_\_

---

### Minimum Standards:

#### Electric Water Heater (minimum 30-gallon capacity with six-year warranty)

- \$70 per unit
- If the Unit is controlled by a timer or is equipped with low-wattage (3kW or less) element, the credit is increased by \$50 per unit
- If tank has a lifetime warranty, the credit is increased by \$50 per unit

#### EFFICIENCY STANDARDS

All units must meet existing DOE energy factor (EF) ratings:  $EF = .97 - .00132V$  where V is rated.

Storage volume, in gallons as specified by the manufacturer.

<u>TANK SIZE</u>	<u>MINIMUM (EF)</u>
30 gallons	0.93
40 gallons	0.92
50 gallons	0.90
60 gallons	0.89
80 gallons	0.86
100 gallons	0.84

Submit a completed rebate form, a copy of your most recent CNMEC bill, proof of purchase (such a receipt) and a copy of the ENERGYGUIDE Card showing the brand and model number to:

Central NM Electric Cooperative
